Disclaimer: This ranking is based on anonymous, self-reported data from over 3 million ROMEO user profiles where preferences were provided. This report is meant for fun, entertainment and travel purposes only. ROMEO welcomes all positions within our diverse rainbow family.

One surprising insight from our analysis is that many of the most top-heavy countries also rank among the most homophobic. Our best explanation? In societies where you are already stigmatized, openly identifying as a bottom might feel like an even bigger risk.
